

Dear St Cyprian's School Parents and Guardians,

What is the MySchool programme?

The MySchool programme acts as a channel which raises and delivers essential funding to schools and charities on a sustainable basis. This is done in order to improve education and social development in South Africa. This enables members of the community to participate in the future development of our nation.

MySchool is South Africa's foremost community support programme, contributing more than R1.5 million to schools and charities every month. To date, the programme has raised over R63 million. MySchool supports South African learners by creating a sustainable income for schools, through a collaborative community support model.

The programme gives parents and other community-minded individuals a vehicle through which to make a meaningful contribution to schools, in a convenient and transparent manner.

The best part: It doesn't cost you, as a supporter, anything to make a difference!

The MySchool support programme is not a donation service, but a true partnership between schools and business partners. Schools work hard at encouraging parents to support the programme while our network of over 2 500 business partners commit to funding for your beneficiary based on the parents' loyalty to their respective brands.

How it works

Funds are raised for our school on a monthly basis. Simply swipe your MySchool Supporter Card when you shop at one of the many MySchool partners and a small percentage of your spend is given to your school. There is no cost to you. View a list of our partners on www.myschool.co.za.

Added Benefits

Woolworths gives R10 000 to a winning school and R10 000 to the winning card user every month. Each item purchased at Woolworths is an automatic entry into this Lucky Draw.

Ad hoc promotions and competitions for MySchool Supporters are also a regular feature. We will keep you up to date through our monthly emails and school newsletters to ensure you get the maximum benefit from your card.

You will receive a monthly electronic Supporter Statement that will show you exactly how much money you have raised. This statement also keeps you informed of exclusive MySchool offers.

How to get started:

1. Complete a Supporter Card Application form and make sure that you give fill in all your details. Application forms can be found on www.myschool.co.za or you can contact our **Client Service Centre**

on **0860 100 445** for assistance. Your school will notify you whether you should return the form to them or directly to us to receive a card.

2. Should you wish to support more than one school or charity, your card can be linked to the beneficiaries of your choice and the income you raise on your card will be divided equally between these schools. Call our **Client Service Centre** on **0860 100 445** to make this request.
3. Any number of additional cards may be requested for other family members who wish to support the school. MySchool is a national programme, allowing for card usage countrywide. These cards will be posted to them free of charge.
4. Your card will be ready to use when you receive it and no information will be given to the school on your individual spend. If you have provided us with an e-mail address, you will receive a monthly statement showing what you have raised towards the school(s) of your choice.
5. Keep a look out for MySchool stickers at participating partner till points and start making a difference!

Benefits of being part of the MySchool programme

- Raised funds are given to the school to use as they wish
- Voluntary participation
- Reduced pressure on schools to raise school fees
- Retain the best Educators by paying competitive salaries
- Positive contribution through participation
- You receive feedback on how much funds have been raised
- You receive unique benefits from business partners, such as access to competitions or promotions
- NO COST to you
